STATEMENT OF PURPOSE

I, Dr. Peter Oriavwote, have served NIMN in several capacities at the chapter level, governing council committees and attended so many workshops, marketing conferences and annual general meetings of the Institute of Marketing in Nigeria since 1990. It is now time to serve on the governing council of our highly acclaimed NIMN to build on the highly commendable job done by the current President and Chairman of Council together with his associates, the members of Council.

I remain committed to setting sustainable Accounting systems and controls that would make the accounting function very simple and bring the Institute's risk exposure to the barest minimum through sustainable asset management strategies. Overall, there shall be a deliberate goal to improve the welfare of members of the Institute.

It is my pledge to add value to NIMN under the able leadership of the President and Chairman of Council by helping to set strategic goals for revenue generation in two ways; planned training programmes and membership growth (direct membership and student targeted membership drive) under the new normal and beyond. This will be part of a robust model of budgetary and Finance templates that would grow the Institute's Income by 50% within the next two years through sound revenue-generating strategies.

Give me a chance to serve.

Thank you and God Bless you all!

Sincerely yours,

Dr. Peter Oriavwote, fnimn
Candidate for NIMN Council
